

*ADVERCITY VÄDERSKYDD AB IS A LEADER AMONG
MANUFACTURERS OF STREET FURNITURE
DESIGNED FOR PUBLIC
SPACES*

We make every effort to ensure that our bike shelters, display cases and other elements of urban architecture are resistant to mechanical damage, weather conditions and perfectly match urban landscapes. Providing attractive prices while maintaining the high quality of goods we sell, we have won many tenders. We have also undertaken numerous orders, and the quality of our products is confirmed by the references obtained.

MANUFACTURER BUS SHELTERS

We provide all customers with a diverse selection of materials from which bus shelters, bicycle shelters and smoking areas are created, as well as a wide range of semi-finished products. Aluminum profiles and tempered glass are durable materials that give our customers a guarantee of mechanical damage resistant elements of the city infrastructure.

Advercity is one of the recognized producers of bus shelters, display cases and elements of urban architecture. Carefully thought-out designs guarantee functionality, aesthetics and high quality of our products.
